- Geothermal power generation
- Geothermal direct use application
- Policy, strategy and regulatory framework for accelerating the scaling-up of geothermal industry
- Financing renewable energy projects
- Environmental and social impacts in geothermal development
- Case studies of geothermal development
- Geothermal Exploration - geology, geochemistry, geophysics, etc.
- Drilling technologies
- Reservoir Engineering
- Capacity and skill development in geothermal including student papers
- Contribution of Geothermal to PtX
- Leveraging Carbon Markets in Africa

ABOUT

The Government of the United Republic of Tanzania, through the Tanzania Geothermal Development Company (TGDC) will be hosting the Tenth African Rift Geothermal Conference (ARGeo-C10) in partnership with UN Environment Programme (UNEP), African Geothermal Association (AGA), and other international partners involved in geothermal sector in the region. The conference will be held at Julius Nyerere International Convention Centre in Dar es Salaam, Tanzania from 11 – 17 November 2024.

Please send your abstracts via info@theargeo.org and the contacts provided below. Submission deadline is 28th February 2024.

The template for submission of the Abstract is enclosed for your reference.
