# Call for Committee Members to help shape the Technical Programme for WGC2023 in Beijing, China

## Technical Committee for WGC2023

Chair: Dr Marit Brommer
Co-Chair: Gregor Rumberg

**Express your interest to: iga@lovegeothermal.org before 22 November 2021
with subject: TC Membership Application WGC2023**
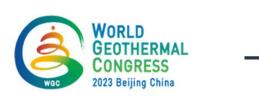

World Geothermal Congress 2023
Cleaner Energy. Better Life.

# The plan

## November - December 2021

Set up Committee and inform members on overall programme, guidelines and evaluate input from the global community. Set up channels to ease comms between members.

First TC meeting scheduled on December 16, 2021. Time to be determined as we expect different time zones.

Purpose of first TC Meeting: Introductions, WGC2023 status, and Agree on Technical Programme in order to launch Call for Abstracts on January 1, 2022. Assign committee members to specific themes / topics of their interest.
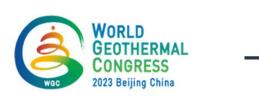

# The plan

## Call for Abstracts

**Plan for 3 Technical Committee Meeting**

**End Call for Abstracts 31 March 2022**

## January – March 2022

1. The Call for Abstracts is scheduled for three months. Opening: 1 January 2022 and Closing 31 March 2022.
2. The Chair will plan three meetings (27 January, 3 March and April 7) to connect and update on abstract status and decide on guidelines for papers (proceedings WGC2023)
3. April 7 meeting has the purpose to decide on next step: Invitation to Authors to submit full papers.

# The plan

## Invitation to Authors

**Plan for 4 Technical Committee Meeting**

**All papers submitted 30 September 2022**

## April – September 2022

1. Paper submission is scheduled for six months. Opening: 8 April 2022 and Closing 30 September 2022.
2. The Chair will plan 5 meetings (May 19, June 23, July 14, Sept 8 and Oct 6) to connect and update on paper status. A call for Paper reviewers will be launched to work with the TC (Launch expected June 24). The Chair to liaise with Reviewers and TC. The meeting in September is to assess status and provide steer to follow-up actions (review, number of papers, format)
3. Oct 6 meeting has the purpose to decide on next step: Finalisation and Prepare Proceedings.

# The plan

## Finalisation

**Plan for 3 Technical Committee Meetings**

**Prepare final proceedings. Set up design of overall technical programme.**

# October – December 2022

1. **Final stage in paper handling and design of full technical programme**
2. **The Chair will plan 3 meetings (27 Oct, Nov 24, Dec 15) to connect and update on paper status. Final formatting and reviews to be carried out. The Oct 27 and Nov 24 meetings are intended to inform members on status, provide steer to overall programme and shape the paper submission finalisation steps in order to prepare for final proceedings formatting.**
3. **Dec 15 meeting has the purpose to decide on next step: Approve papers and move to the design of final Technical Programme on site (April 2023) including final proceedings.**
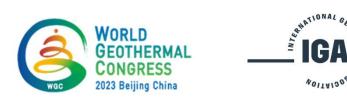

# The plan

## Finalisation

**Plan for 3 Technical Committee Meetings**

**Prepare final proceedings. Set up design of overall technical programme.**

## January – March 2023

1. Final programme design. Align with industry, business and finance community events.
2. The Chair will plan 3 meetings (26 Jan, 2 March, 30 March) to connect and update on programme status.
3. March 30 meeting is the final meeting of the TC before WGC2023 takes place. Onsite we will plan one live meeting in order to thank you appropriately for all your hard work and commitment!

**Help shape the Technical Agenda for 2023.**

- **Be an active team player and help us build the Technical Programme to shape the agenda for WGC2023.**
- **Join meetings, be prepared, bring your interests, be vocal, engage**
- **Aim is to build a diverse, technical programme attractive for all our global members.**
